

REMARKS

Claims 1, 7, 8, 28-40, 49, 53-68, 98, 99 and 101-124 are pending. Claims 101-124 are withdrawn.

An Information Disclosure Statement to list U.S. 7,060,139 newly cited in the September 3, 2008 Office Action is concurrently filed herewith. The September 3, 2008 Office Action did not appear to have a Form PTO-892 listing the reference.

Allowable Subject Matter

Applicant thanks the Examiner for indicating Claim 28 would be allowable if the word "about" was removed from the ranges for Zn, Mg and Cu.

Accordingly Claims 1 and 28 are combined with the change that the word "about" was removed from the ranges for Zn, Mg and Cu. Also, applicant recited the upper limit for Zr as 0.1 rather than 0.10.

All the other claims depend from amended Claim 1. Thus, the dependent claims were amended or cancelled consistent with the amendment to Claim 1.

Claim 7 was amended to recite the Mg range from Claim 8.

Claim 28 was amended to recite the Cu range from Claim 8.

The withdrawn method claims were also amended to depend from Claim 1. Thus, Applicant requests rejoinder of the withdrawn claims.

It is submitted this Amendment presents no new matter.

Terminal Disclaimers to cite U.S. Patent Application Nos. 10/976,154 and 10/819,130 are concurrently filed in response to the obviousness-typed double patenting rejections.

In view of the above it is respectfully submitted all objections and rejections are overcome. Thus, a Notice of Allowance is respectfully requested.

Respectfully submitted,

/anthony p venturino/
